

AI SMS Guardian Report

SMS: Let's go on a date.

Prediction: Safe

Confidence: 99.94%

Threat Level: SAFE

Risk Score: 0/100

Scam Type: General Message

AI Explanation

The AI spam detection model classified this message as "Safe" due to its simplicity and lack of suspicious patterns. The message is a casual invitation to go on a date, which is a common and legitimate request. There are no obvious suspicious patterns in this message. However, it's worth noting that the message is quite short and lacks personalization, which could be a red flag in some cases. This message does not appear to be part of any known scam category. Safety tip: Be cautious of unsolicited messages from unknown numbers, especially if they ask for personal or financial information. Always verify the identity of the sender before responding.

Safety Advice

Do not click suspicious links. Never share OTPs or passwords. Verify the sender before taking any action.
